## DVIDA EXPERT ADVICE

### Gold Level

As the variety of the figures increases, the Student/s should be moving with a strong melodious swing, creating good lines. There should be a positive sense of control through good balance and body shape. The footwork and foot positions should be neat and precise. Even though some figures require solo movements from the Man and Lady, the Student/s should be confident when dancing in front of others, adding to a positive sense of achievement. At the conclusion of this level, the Student/s should feel ready to tackle the more advanced figures that will come at the next level.
